Trying to Reason...

Here we are, sailing in the Fall and steering toward Key West for Meeting of the Minds! While I will leave the details and pun to come for other articles in the Tradewind Times, this is a great forum to put to rest why this may be the last year we are in Key West for MOTM. A lot has changed and is coming to fruition in the PHiP organization, and our clubs are growing! Change is never easy, and MOTM is no different. Spelled out, here are a few KEY factors!

1. MOTM has moved before (for everyone saying it needs to stay for traditional or historical reasons), since it started in New Orleans.
2. We sent out a survey, and we followed the results. A vast majority of our members live in a triangle between Texas, the Carolinas, and Key West.
3. Overwhelmingly people wanted to stay in the “Florida/SE” region, near the water, where it is warm, and COST was a huge factor, especially air and hotel rates.
4. Next, having the event where things are “walkable” or easily accessible was important AND not overshadowing an area that already hosted a major event.

As you can see, this is no small task. We narrowed the list down according to these parameters and in talking to the local area presidents. Some had WAY too questionable weather. Others simply aren't ready. The team tried every angle to stay in Key West including talking directly to the Chamber of Commerce who were not interested (we are actually a small scale event compared to others).

The Masthead ... A blustery day on the beach, the Trade Winds blowing hard. It's hard to reason with the season, but I must confess, we could use some rest. So relax and enjoy the *Tradewind Times*.

Captain's Logbook — October, 2022 (Cont.)

To reiterate, the Casa is under construction that will literally make the AREA unusable for the event. Neighboring hotels do not have the space nor interest, and some that did are not near Duval at all (even though the hotel prices are lower) and would require increased costs for power, stage, lights, sound, security, etc.

The true facts are, we COULD still be in Key West, and our members may be able to pay the previously expected prices for hotels on the far side of the island, but the need for a lot more transportation and the other events to make this happen cost upwards of \$500 per ticket to start and/or a la carte ticketing (we do not believe our members want to pay an increased price like that).

From this, we will be announcing 2023 and future plans. The committee was made up of club members and Board members who have done an amazing job of trying to reason with all of these cities and venues. Again, change is not easy, but the goal is to make the MOTM convention for ALL OF OUR MEMBERS accessible, affordable and valuable.

MOTM Bids Farewell to Key West

by Rob Hill, et al.

Inflation and the remodeling of the historic Casa Marina have forced what a pandemic and hurricanes could not, the removal of Meeting of the Minds from the iconic Florida key town so steeped in Buffett history. However before that happens, get ready for the biggest Trop Rock music extravaganza ever on the beachfront stage at the resort built as a monument to the visionary Henry Flagler and opened in 1920.

Once again this year a limited number of onsite registrations will be accepted. In addition to the standard registration fee of \$172.22, there will be a membership fee for the Virtual Parrot Head Club. The latter is an IRS requirement and eliminates the necessity of confirming active membership of onsite registrants. Everyone registering will be dues paying Parrot Heads, at least virtually. Late registration does not include the event T-shirt or goodie bag.

Blue Chair Bay Rum joins MOTM as a sponsor for the first time, sponsoring the Pier Stage, and presenting the Girls Just Wanna Have Rum Songwriter Showcase, the headlining show on opening night of the 30th gathering of the Parrot Heads in Paradise. Coley McCabe hosts and performs as part of the All-Star female singer-songwriter showcase with Nadirah Shakoor, Erica Sunshine Lee, Heather Vidal, and Claire Wright.

The day begins with Pirates & Poets showcases featuring six great singer-songwriters. Sunny Jim White calls the convention to order with his afternoon performance, followed by a Donny Brewer and Mike Nash-led tribute to the Eagles, featuring many of your favorite trop rockers!

The first full day of music at the 30th Annual Meeting of the Minds includes the return of Gary Roland and the Landsharks, whose legendary 1998 Duval and Greene Street concert at the first Key West MOTM was crashed by Jimmy Buffett himself! The Peter Mayer Group will sing to "Suzannah" while the sun goes down.

Hazelnuts... Meet the Parrot Heads! Florida's own Sister Hazel's most rabid fans call themselves Hazelnuts, and they have their own cruises and beach parties. Their prime time performance is their first at MOTM for the band, rated along with Michael Franti and Mac McAnally as a "must see" live performance by the Margaritaville blog.

As if that weren't enough for one night, Jimmy and the Parrots provide the high energy night cap to send y'all to bed with a smile and some dance sweat!

Friday night's MOTM Music Schedule is off the hook! Ten-time CMA Musician of the Year Mac McAnally is sandwiched between rising stars the Wheeland Brothers, finally making their MOTM debut, and Niko Moon, on the heels of a Number One Billboard Country album and country radio single "Good Time," with new music out this summer! Kelly McGuire's Lighthouse Songwriter Showcase concludes with a set from Jesse Rice, playing some favorites and previewing songs from the soon-to-be-released Pirate Sessions V album.

New phip.com website features:

- The home page is fresh and contains dynamic and interactive page sections.
- Scrolling Slideshows exist and will be used to highlight sponsors and advertisers along with PHIP club awards (ie. club of the month, golden coconut, ... etc.) and special PHIP activities/ events.
- There's an interactive map of local chapters throughout the country. This map is envisioned to facilitate and drive new membership enrollment. It's also a convenient way to plan your travel excursions and see if you will be within drinking distance of nearby chapters. Monthly meeting places and contact information are available to help connect with other Parrot Heads while you're away from your local nesting grounds.
- There is a section displaying all PHIP social media feeds embedded on the website. You can easily view the live and current posts that are occurring all in one concise place without having to visit each social media page individually.
- A new PHIP google calendar will be frequently updated with new and upcoming major chapter events channeled through the Regional Coordinators. Clubs can provide content to their RC's to be placed on this calendar for major events. This is another way to aid in increasing member engagement and help entice new club membership and registration.
- Another page section contain posts from the PHIP Board members used to raise awareness and attention to breaking news, random announcements, events and activities concerning all Parrot Head chapter members.

Parrot Head Clubs Step Up Fight Against Alzheimer's

by Bob Noonan

National Alzheimer's Walk Team Captain
Board Member-Greater Illinois Alzheimer's Association

It's been a good year getting out and "Partying with a Purpose." So many of our clubs are meeting again and having social events to raise money and foster camaraderie among our fellow Parrot Heads. As always, the Parrot Heads around the country have stepped up to "walk" in the fight against Alzheimer's.

This year 49 teams (Clubs) participated in Alzheimer's Walks around the country, and we have met 92% of our \$100,000.00 goal. We had about 24% of our clubs in these national "Walks"; can you image if we had a higher percentage of our clubs involved. Not only would we be raising money to fight Alzheimer's, but we would be raising awareness of this terrible disease. Let's make 2023 a participation year that we will not forget. To get support and information on Alzheimer's call the Alzheimer's Association 24/7 Helpline at 800-272-3900 or visit alz.org/10signs.

You can go to alz.org/parrotheads to find the ranking of your own club and club members, to register, and to get helpful hints on raising awareness and fund for your team.

I am looking forward to seeing you at MOTM 2022 in Key West and I can answer questions or concerns you may have about funding for Alzheimer's or about the disease itself.

Just as a reminder, any money raised or donated to a club or individual by December 31, 2022, is counted for 2022 year total. I have sent a note to those who missed my walk that they could still donate, and I did get some donations.

New England Parrot Head Clubs Sweep 2022 Scholarship Awards

Every year PHiP awards three college scholarships in the amounts of \$5,000, \$3,000 and \$2,000 to members and their children or wards of chartered Parrot Head clubs. The money, which is awarded in a national competition, is donated by individual Parrot Heads or clubs through a raffle for an all inclusive three night stay at Margaritaville Island Reserve Riviera Cancun.

The competition is challenging. This year's entrants submitted for the judges' consideration their GPA, SAT or ACT scores, responses to three short answer questions and a 1500 to 2000-word essay. The entries were judged blindly with no reference to club affiliation allowed.

The winners of the 2022 scholarships are:

Catarina Bettencourt, from Lunenburg, Massachusetts (Parrot Head Club of Eastern Mass) is the winner of the first place award of \$5000.

Sarah Bartlett, from Grand Isle, Vermont (Vermont Frozen Fins Parrot Head Club) is the winner of the second place award of \$3000.

Jake Bodner, from East Haven, Connecticut (Parrot Head Club of Connecticut) is the winner of the third place award of \$2000.

Again, congratulations to the three winners, and thank you to all that applied as well as our judges who took many hours out of their days to help in making this very tough decision.
